

# We keep the supply chain going during the COVID-19 crisis

Bolloré Logistics a leading Logistics Service partner of the Health Supply Chain, supporting UN agencies, NGOs, Ministries of Health, USAID, PSA's with strong Aid & Relief team and a global presence in 107 countries with 600+ branch offices. We are more than ever mobilized in the fight against the Covid-19 to support the shipping requirements of Humanitarian sector.

With the Covid-19, shipping companies and airlines are reducing their capacities or closing their services, some of the corridors for landlocked countries are closed.

We have immediately reacted in organizing consolidated air shipments through air chartering, for countries in dire need of critical equipment and supplies especially to fight the Covid-19 and keep the vital supply chain of essential equipment, parts, pharmaceutical and food products going.

- > **Dedicated Aid & Relief team across the regions**
- > **Strong experience in supporting NGOs, UN agencies, USAID, MOH, Procurement Services Agencies**
- > **Strong presence in key source countries – China, India in Asia, in Europe, in the US and the Middle East**
- > **Unique footprint in developing countries like Africa and Asia**
- > **Dedicated control towers for humanitarian shipments**
- > **A resilient network when crisis strike**
- > **An experienced and reactive air chartering team**
- > **Useful connections with local authorities**

## AIR SOLUTIONS

To maintain the supply chain of critical goods, Bolloré Logistics has organized an ambitious solution based on full/part charters, block space capacities on freighter flights only, providing our customers with various solutions for Eastbound, Westbound & Southbound flows.

This program is geared to cover movements on main trades including Europe to/from Americas, Europe to/from Asia, Europe to/from Africa, Europe to/from Middle East.

Our solutions are based on a “first-in/first serve” basis and to cater to the various and urgent needs, we will strive to take any additional volumes on board.
